

Web Developer & Designer

Hard working, dedicated **developer** and **designer** that isn't afraid of a challenge; with a focus on building solutions for clients. I enjoy designing **graphics**, **UI elements**, and **layouts**; I also enjoy creating sleek **front-end** designs and developing efficient **back-end** environments.

Work Experience

2013

Xulon Press

As a front-end developer for Xulon Press I lead the redesign of their "Author Center" online publisher web application. The site was redesigned and built by me and used **HTML5**, **CSS3**, **JavaScript**, **PHP**, **Bootstrap**, and the **Laravel PHP framework**. It was built to be responsive, mobile, and user friendly.

Work Experience

2013

Full Sail University

As a WDD program Lab Specialist I assisted instructors in teaching students languages, techniques, and best practices. These courses focused on back-end development and ranged from **PHP** and **SQL** to **MongoDB** and **Python**. I was able to help new students while also solidifying my own talents.

Education

2012

Full Sail University

Bachelors of Science

Received a Bachelors of Science degree in Web Design and Development

Awards

4

- Advanced Achievement Award
- Course Director Award - Advanced Design Techniques
- Course Director Award - Flex Frameworks
- Course Director Award - Web Pre-Production

Work Experience

2010-2013

Freelance Web Developer

As a freelance developer I have worked on projects that range from simple **site redesigns** to **web applications** and **mobile solutions**. Experienced in user design patterns, usability best practices, UI patterns, and current web technologies. Specializing in **front-end design** and **back-end development**.

Education

2009

Northeast State Technical C.C.

Associates of Science

Received an Associates of Science degree with a concentration in Web Design and Development.

Work Experience

2004-2009

Wyndham Vacation Ownership

Supervisor

Managed 40 plus employees with 6 direct reports. Arrival Rate increased by 5.61% from '07 to '08. Developed employee intranet used for distribution of information and training of new employees, saving the company thousands each year on training materials and hours.

Awards

2

- Top Shift - 2008
- Most Valuable Employee - 2008

Technical Skills

Languages

| | |
|----------------------|-------|
| HTML xHTML HTML5 | ★★★★★ |
| CSS CSS3 | ★★★★★ |
| Javascript JQuery | ★★★★☆ |
| XML JSON | ★★★★☆ |
| PHP | ★★★★☆ |
| SQL | ★★★★☆ |
| ActionScript 3 | ★★★★☆ |

Industry Experience

Clean Team Painters www.cleanteampainters.com

I created CTP a clean and solid web presence to promote their business, satisfy current clients, and promote the business to new potential clients. It was built using **HTML5**, **CSS3**, **JQuery**, **PHP**, and **Bootstrap**. It was built to be responsive, extremely user friendly and promotes a nice clean minimalist design.

Industry Experience

GMC Vacations www.gmcvacations.com

A site I redesigned for GMC Vacations to aid customers in retrieving information on their vacation package and location details. The site was built utilizing the **CodeIgniter** framework, a **SQL** database, a custom-built **content management system**, and current **web technologies**.

Industry Experience

Clinical-Security www.callisonification.com/clinical

A redesign built for modern browsers and mobile devices. Built using **HTML5**, **CSS3**, **Bootstrap**, **JQuery**, and **PHP**. This site works cross-browser, is responsive, and follows current design best practices and user patterns.
